COSMETICS PACKAGING

En **Casadevall Packaging S.L.** trabajamos pensando en tí;
tu comodidad y tranquilidad es nuestra principal prioridad.

**"I believe in manicures.
I believe in overdressing.
I believe in primping at
leisure and wearing lipstick.
I believe in pink. I believe
happy girls are the prettiest
girls. I believe that tomorrow
is another day, and...
I believe in miracles."**

Audrey Hepburn

COSMETICS PACKAGING

En **Casadevall Packaging S.L.** trabajamos pensando en tí, tu comodidad y tranquilidad es nuestra principal prioridad.

Somos especialistas en el suministro de envases personalizados, por ello queremos ayudarte a elegir la mejor opción, a definir el envase que mejor se ajusta a tus necesidades y a escoger la mejor técnica de decoración para que puedas crear un packaging atractivo, actual, único y a precios muy atractivos.

La rentabilidad es una necesidad en cualquier empresa y queremos ayudar a que tu proyecto sea también un éxito económico proponiendo alternativas, ideas y soluciones que funcionan y desaconsejándote aquellas opciones de fabricación, de diseño o de suministro que dan problemas.

Desde hace más de 35 años pertenecemos al Grupo Casadevall (**www.casadevallexport.com**) que ofrece soluciones personalizadas a sus clientes. Fabricamos envases personalizados. Aportar diseño, servicio, calidad y rentabilidad a tus proyectos forma parte de nuestro ADN profesional. Llámanos al 93.460.58.85 sin ningún compromiso.

Nos encantaría ayudarte.

casadevall
COSMETICS PACKAGING

Casadevall Cosmetics Packaging ofrece cualquier acabado técnicamente posible y explora constantemente nuevas técnicas para mejorar los acabados de los envases. A continuación, se detallan algunas posibilidades:

PINTADO CON PIGMENTOS IRIDISCENTES

Parece que cambian de color cuando se miran desde distintos ángulos respecto a una fuente de luz, proporcionando un doble efecto de color. Usando el negro como color de fondo, las tintas iridiscentes también pueden serigrafarse sobre las superficies de los recipientes.

PINTADO CON PIGMENTOS PERLADOS

Contienen partículas que son esencialmente cristales transparentes de un elevado índice refractivo. El resultado es un efecto de brillo plateado, iridiscente, parecido a la perla natural.

PINTADO CON PIGMENTOS TERMOSENSIBLES (TERMOCROMÍA)

El color del material cambia reversiblemente de color con los cambios de temperatura.

PINTADO EFECTO "SOFT TOUCH"

Pintado grueso de tacto suave.

PINTADO EFECTO "GOMA"

Pintado grueso similar al "Soft touch" pero en negro mate que proporciona un acabado similar a un recubrimiento de goma.

PINTADO CON PIGMENTOS METÁLICOS

Ampliamente utilizados en el sector del automóvil, se consigue mediante el aditivo de pigmentos cristalizados transparentes y proporciona un brillante aspecto metálico.

IMPRESIÓN FOTOREALISTA (IN-MOULD LABELLING)

Utilizada en tubos de cosmética, permite tener una imagen fotográfica en toda la superficie del tubo.

HOT-STAMPING

Impresión de logos y textos en acabado brillante a partir de la transferencia del color de una cinta al envase mediante calor y presión.

SERIGRAFÍA

Impresión de logos y textos en mate a partir de la transferencia de tinta a través de una membrana con trama abierta en las zonas predefinidas.

OFF-SET

Proceso de impresión similar al utilizado en las imprentas de papel que se usa para los tubos de cosmética. Permite una muy buena calidad de impresión, pero no el acabado fotográfico.

PET COLOREADO

Botella transparente con un toque de color, normalmente en azul topacio o marrón ambar.

BRILLO "ALTO" Y "SÚPER ALTO"

Un proceso de moldeo por soplado de co-extrusión que ofrece un acabado extremadamente pulido a las botellas de HDPE, aportando una sensación de 'primera categoría' y alta calidad. Proporciona un acabado brillante y pulido a botellas y tubos.

PET CONGELADO ("FROSTED")

La botella se procesa para obtener un efecto 'ahumado' brumoso, reminiscencia del vidrio grabado al ácido.

PVC TRANS-CONGELADO

La botella se procesa para obtener una total transparencia.

CO-EX SOFT TOUCH

Un proceso de moldeo por soplado de co-extrusión que proporciona a la botella de plástico una sensación de suavidad/elasticidad.

Notas:

Notas:

Somos una empresa que dedica su día a día al sector de los envases de cosmética; acumulamos años de experiencia y nos gusta asesorar correctamente sobre funcionalidad, alternativas de decoración y costes. Porque conocemos el negocio; deja el tema en nuestras manos y disfruta de tu tiempo con tranquilidad. Con los tuyos. Sin sobresaltos. Sin sorpresas.
